Module Name: Flipkart Shopping App - Home, Search, Product & Checkout Test Cases
Test Case ID: ft_01
Tester Name: Saloni Ashish Tanna
App/Platform: Flipkart App (Android)

Scenario ID: 1a

Scenario: Home page loads with search bar, categories and offers
Test Steps:

1. Open Flipkart app
2. Observe home page

Screenshots:

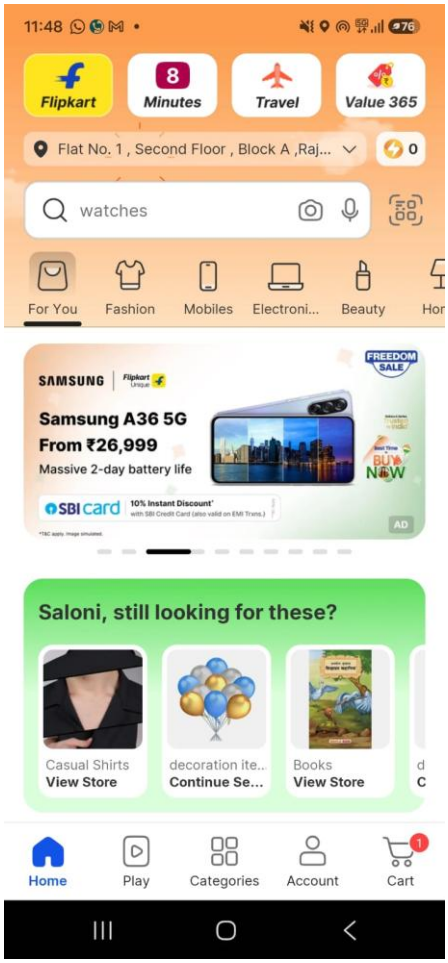

Scenario ID: 1b

Scenario: Delivery address displayed correctly on home page
Test Steps:

1. Open home page
2. Check location bar

Screenshots:

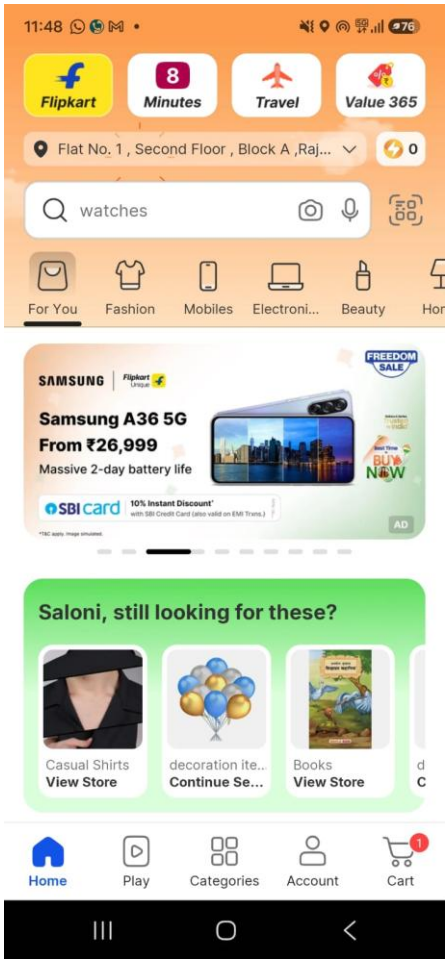

Scenario ID: 1c

Scenario: Personalized recommendation section displayed

Test Steps:

1. Scroll down home page
2. Observe recommendation section

Screenshots:

Scenario ID: 2a

Scenario: Search field accepts keyword input

Test Steps:

1. Tap search bar
2. Type product keyword "Cake Maker"

Screenshots:

Scenario ID: 2b

Scenario: Search autosuggestions grouped by category

Test Steps:

1. Type keyword in search bar
2. Observe suggestion list

Screenshots:

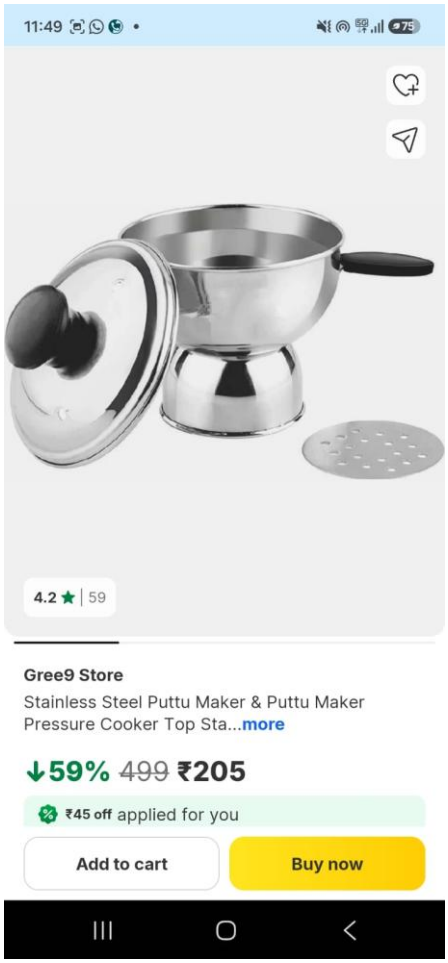

Scenario ID: 3a

Scenario: Product detail page displays price, discount and rating

Test Steps:

1. Tap on a product from search results
2. Observe product page

Screenshots:

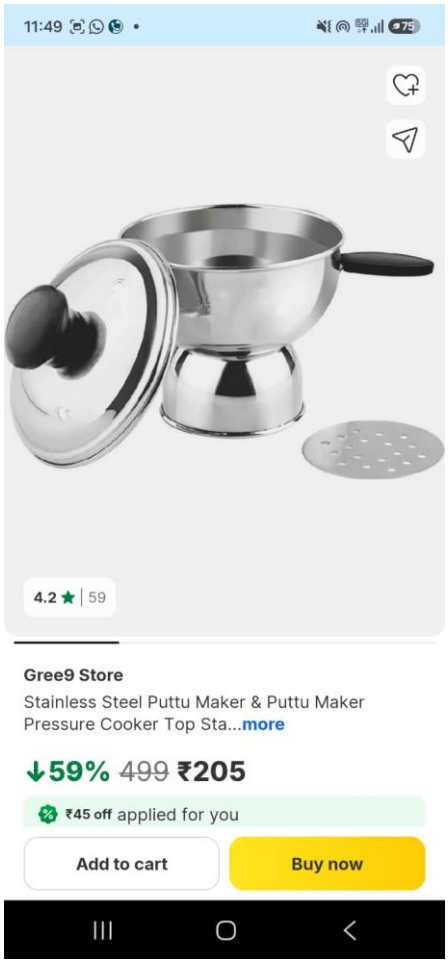

Scenario ID: 3b

Scenario: Add to Cart / Buy Now buttons functional

Test Steps:

1. Open product detail page
2. Observe action buttons

Screenshots:

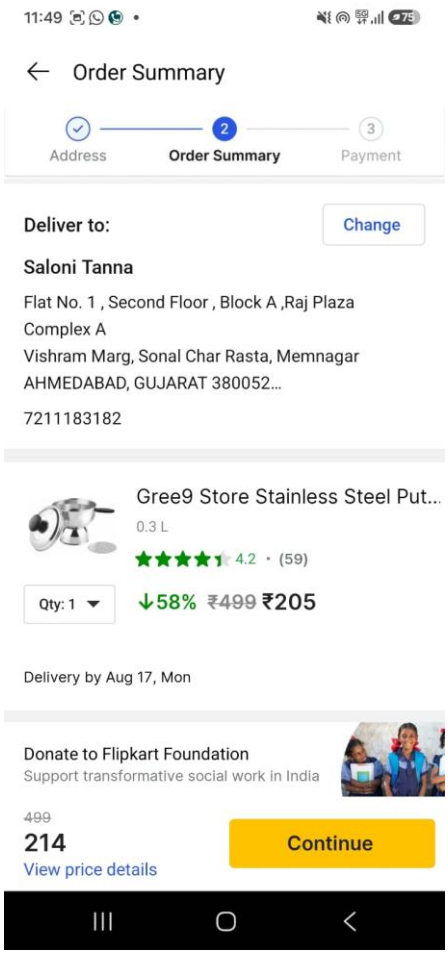

Scenario ID: 4a

Scenario: Order Summary displays correct product, quantity and price

Test Steps:

1. Tap Buy Now
2. Proceed to Order Summary

Screenshots:

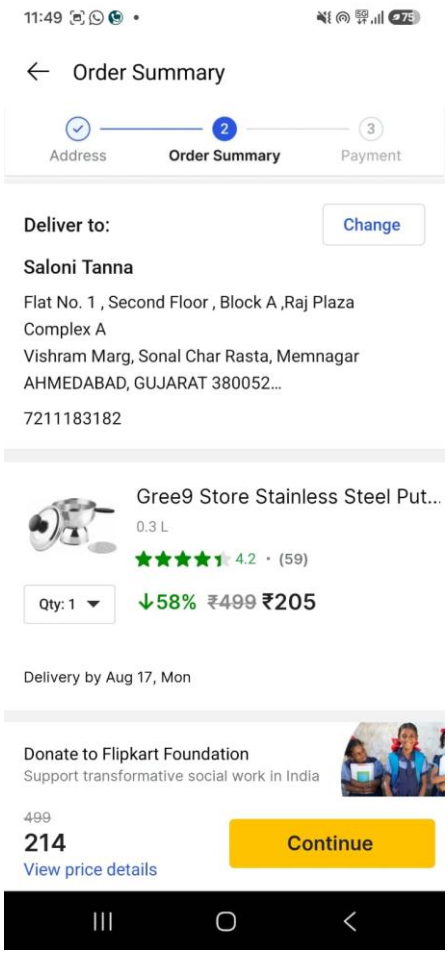

Scenario ID: 4b

Scenario: Delivery address shown with option to change

Test Steps:

1. Open Order Summary page
2. Observe delivery section

Screenshots:

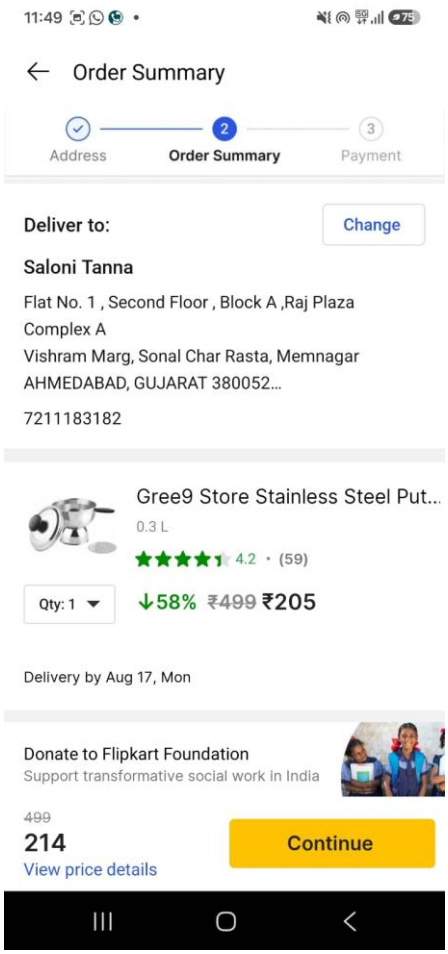

Scenario ID: 4c

Scenario: Estimated delivery date displayed

Test Steps:

1. Open Order Summary page
2. Observe delivery estimate

Screenshots:

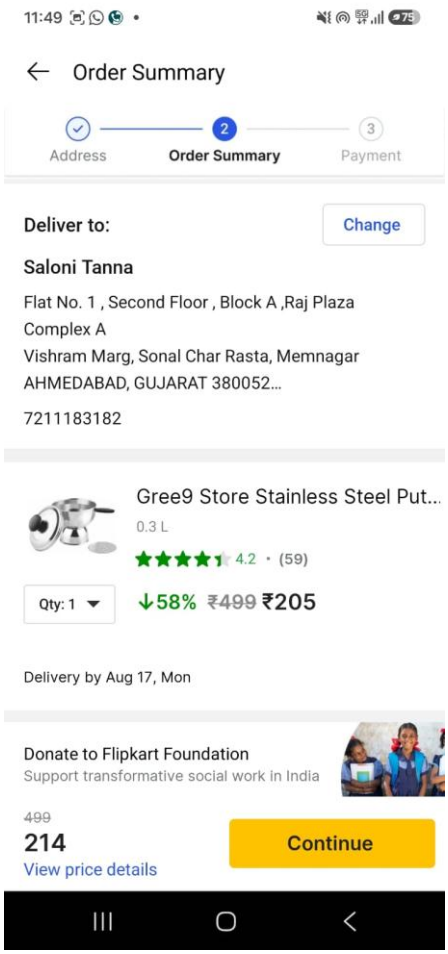

Scenario ID: 4d

Scenario: Order Summary total updates with optional donation

Test Steps:

1. Open Order Summary page
2. Observe "Donate to Flipkart Foundation" section and total amount

Screenshots:

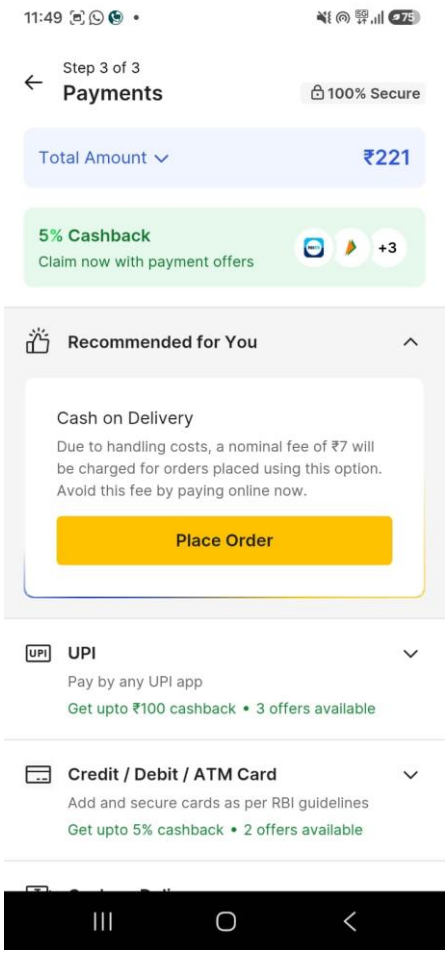

Scenario ID: 5a

Scenario: Payment page total amount matches Order Summary

Test Steps:

1. Proceed to Payment page
2. Observe total amount

Screenshots:

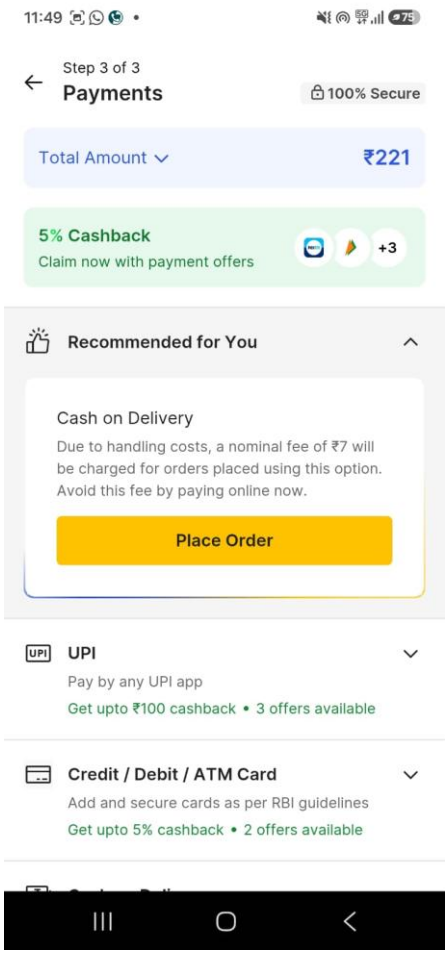

Scenario ID: 5b

Scenario: Multiple payment options displayed

Test Steps:

1. Open Payment page
2. Observe available options

Screenshots:

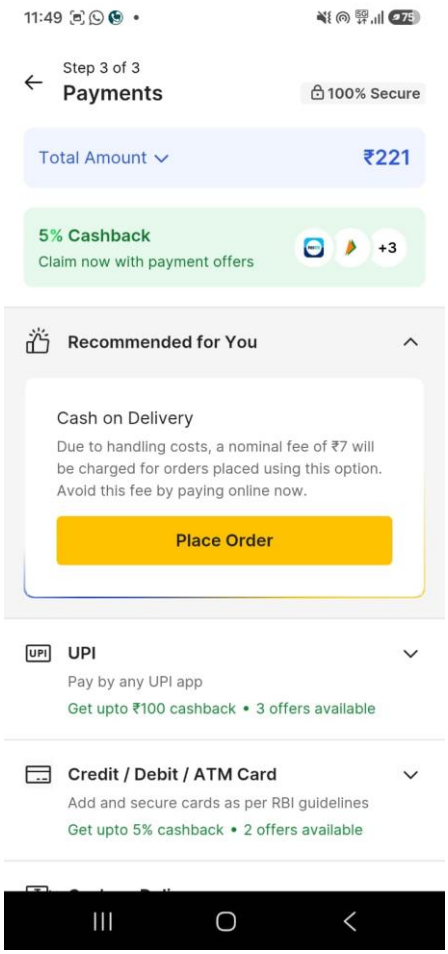

Scenario ID: 5c

Scenario: Cash on Delivery handling fee disclosed

Test Steps:

1. Open Payment page
2. Observe COD option details

Screenshots:

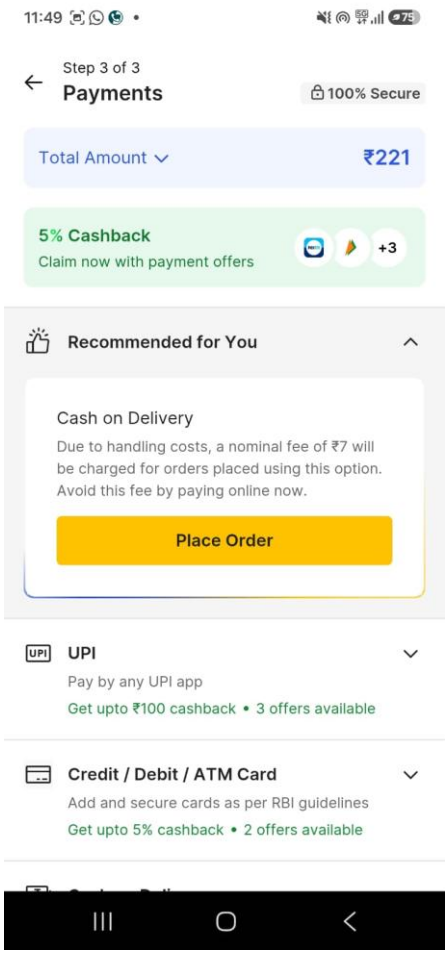

Scenario ID: 5d

Scenario: Place Order button available

Test Steps:

1. Select a payment option
2. Observe action button

Screenshots:

Summary Of Test Results:

Total Test Cases- 15
Passed- 13
Failed- 2
Pass %- 86.67%

Conclusion and Recommendations:

Pass Rate: 86.67%, Good with Minor Issues

Issues Found

Order Summary Total Discrepancy (4d) The Order Summary total (₹214) was ₹9 higher than the item price (₹205) shown on the product page, without an explicit donation opt-in by the tester.

Payment Page Total Amount Discrepancy (5a) The total shown on the Payment page (₹221) was ₹7 higher than the Order Summary total (₹214) before any payment method, including Cash on Delivery, was selected.

Recommendations

Make Donation Charges Explicitly Opt-In Display the "Donate to Flipkart Foundation" amount as a clearly unchecked, optional toggle so the order total only changes after the user actively opts in.

Keep Total Amount Consistent Across Checkout Steps Ensure the total shown on the Payment page matches the Order Summary total until the user selects a payment method (such as COD) that carries its own fee.

Bug Reports:

1.

Field	Description
Bug ID	BUG-4d
Title	Order Summary total includes an unexplained additional amount
Module	Order Summary
Severity	Low

Steps to Reproduce	1. Add product to cart 2. Proceed to Order Summary 3. Observe total amount before interacting with the donation section
Expected Result	Total should equal the item price (plus any disclosed delivery/platform fee) unless the user explicitly opts into the donation
Actual Result	Total displayed as ₹214, ₹9 higher than the ₹205 item price, with no explicit donation selection made by the tester

2.

Field	**Description**
Bug ID	BUG-5a
Title	Total amount on Payment page differs from Order Summary total
Module	Payment
Severity	Medium
Steps to Reproduce	1. Complete Order Summary with total ₹214 2. Proceed to Payment page 3. Observe "Total Amount" field before selecting any payment method
Expected Result	Total Amount on the Payment page should match the ₹214 confirmed on Order Summary until Cash on Delivery is specifically chosen
Actual Result	Total Amount displayed as ₹221 (₹214 + ₹7) by default, before the user selected Cash on Delivery
